

**Annex to Form PCT/ISA/206  
COMMUNICATION RELATING TO THE RESULTS  
OF THE PARTIAL INTERNATIONAL SEARCH**

International Application No  
PCT/US 99/31273

- 1 The present communication is an Annex to the invitation to pay additional fees (Form PCT/ISA/206). It shows the results of the international search established on the parts of the international application which relate to the invention first mentioned in claims Nos:
- see 'Invitation to pay additional fees'
- 2 This communication is not the international search report which will be established according to Article 18 and Rule 43
- 3 If the applicant does not pay any additional search fees, the information appearing in this communication will be considered as the result of the international search and will be included as such in the international search report
- 4 If the applicant pays additional fees, the international search report will contain both the information appearing in this communication and the results of the international search on other parts of the international application for which such fees will have been paid

**Special categories of cited documents**

- "A" document defining the general state of the art which is not considered to be of particular relevance
- "E" earlier document but published on or after the international filing date
- "I" document which may throw doubt on priority, inasmuch as it is cited to establish the publication date of an invention or other special reason (see specification)
- "O" document referring to an oral disclosure, such as exhibition or other means
- "P" document published prior to the international filing date, but later than the priority date (see annex)

- "X" later document published after the international filing date, but priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- "Y" document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- "Z" document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art
- "F" document member of the same patent family
